

Forever™ Essential Oils

Forever™ Essential Oils - Carrier Oil

Forever™ Essential Oils Carrier Oil is a light emollient fluid fortified with some of the finest natural ingredients and antioxidants. The carrier oil starts with a derivative of coconut oil, (caprylic/capric triglyceride), which is colorless and odorless and easily absorbs into the skin. Because it is colorless and odorless, it is an ideal carrier for our pure essential oils.

Forever Carrier Oil is fortified with vitamins A, C and E along with borage oil, rose hips oil, sesame oil and apricot kernel oil. This powerful blend of antioxidant vitamins and natural oils rejuvenates the skin at the same time it helps deliver the benefits of the Forever Essential Oils.

The true foundation of Forever™ Essential Oils Carrier Oil is pure stabilized Aloe Barbadensis Leaf Extract, which naturally penetrates and nourishes our skin and is one of nature's perfect carriers. Forever™ Essential Oil Carrier Oil is formulated to work synergistically with each Forever™ Essential Oil to maximize their unique benefits.

The key that differentiates this exclusive formula is our combination of Squalene, Rose Hips, Sesame Seed, Apricot in a base of Aloe Vera and Vitamin E. This unique blend is much more supportive of the skin and provides deeper penetration for greater overall effectiveness.

DIRECTIONS:

Dilute 2 to 4 drops of Forever™ Essential Oil in one teaspoon of Forever Carrier Oil for topical or aromatic use.

INGREDIENTS:

Caprylic/Capric Triglyceride, Tocopheryl Acetate, Squalene, Rosa Canina Fruit Oil, Sesamum Indicum (Sesame) Seed Oil, Prunus Armeniaca (Apricot) Kernel Oil, Aloe Barbadensis Leaf Extract, Retinyl Palmitate, Ascorbyl Palmitate, Bisabolol, Tocopherol, Lecithin, Borago Ocinalis Seed Oil, Glycine Soja (Soybean) Oil.
